

## ***LASIK eye surgery is easy with VSP.***

Getting started is simple, just follow the steps below.

- 1.** Make sure you have the VSP Laser Vision Care Program benefit. [Check your eligibility.](#)
- 2.** Confirm that your VSP network doctor is a laser vision care doctor, or [find a laser vision doctor.](#)
- 3.** Make an appointment for a screening with your VSP network doctor.
- 4.** The doctor will then coordinate your surgery with a [VSP-contracted laser vision center.](#)
- 5.** Visit your VSP network doctor for ongoing eye care following your surgery.

### ***Don't forget...***

To ask your VSP network doctor about possibly using your VSP frame benefit for non-prescription sunglasses.
